## RECOGNITION FOR OUR AGRO-ECOLOGIC TRANSITION FROM THE NOUVELLE-AQUITAINE REGION

On Wednesday, 13 February, Les Vignerons de Buzet was presented with the regional medal at the International Agriculture Show. This was an exceptional award, made by the President of the Nouvelle-Aquitaine Region, Alain Rousset.

Through this honorary medal, awarded to “Les Vignerons de Buzet cooperative company”, the Region recognises Les Vignerons de Buzet’s pioneering investment in agro-ecological transition. It is also the first medal bestowed for this motive by the Region and only the 33<sup>rd</sup> medal awarded since its creation.

The Cooperative, which was instrumental in the creation of the Buzet appellation back in 1973, has always been a pioneer and has put sustainable development at the core of its values and commitments for over 12 years.

Les Vignerons de Buzet cooperative is now working on turning the “vineyard of tomorrow” into a reality.
